

TRAVEL ARRANGEMENTS FOR ANNUAL MEETING 2010 IN ROTORUA

IMPORTANT

Please note that arrangements put in place for 2010 are quite different from those in place for previous years. This reflects the change in venue for 2010 – from Wellington to Rotorua.

Previously, eligibility for air travel had been determined, for those branches in the North Island, pretty much by distance/travel time by car to Wellington. For 2010 the same principles have been applied with Rotorua as the venue.

Please note that official observers are only eligible to attend when the branch or aronui tomua they are associated with has a sole representative. Air Travel costs for such observers will be invoiced back to the Branch or Aronui Tomua concerned.

Travel costs for travel from a representative's home to the nearest airport and return will be reimbursed by National Office following completion of a travel claim at Annual Meeting. Such travel costs for observers should be reimbursed by the Branch or Aronui Tomua concerned.

Please note that the air travel booking process is activated by National Office receiving notification of who is representing your branch at Annual Meeting 2010. The sooner this is done then the more quickly we can allocate your flights to and from Rotorua
