BETTER PLAN JOINT INITIATIVE

ADD YOUR VOICE, TELL US YOUR STORY!

The Joint Initiative Working Parties wants to hear about your experiences and ideas as soon as possible – and by April at the latest – so that your input can be incorporated into the Group’s findings about the resourcing and roles needed to improve effective collaboration and transition practices. The Group will be reporting to the NZEI National Executive and the Minister of Education in May.

GOVERNANCE AND LEADERSHIP

GOVERNANCE GROUP

RESEARCH AND DEVELOPMENT

WORKING PARTIES

- + Consider academic research
- + Engage with academics
- + Work with Ministry officials to develop models

SECTOR ENGAGEMENT

- + Visit schools, centres and offices to look at effective transition and collaborative practice
- + Conduct focus groups around the country to discuss key ideas
- + Consider feedback from workplace discussions

LOCAL PROCESSES

Workplace discussions about:

- + Key ideas to inform working party discussions
- + Providing examples of effective practice
- + Developing new ideas
- + Critiquing development and providing feedback

On-line processes:

- + Updates about progress
- + Input into development process

The process of identifying effective teaching and transition models for the Joint Initiative between NZEI and the Ministry of Education is an opportunity for all of us working across the whole ECE and primary education sector.
